The Libel Suit.

We publish below the instructions given to the Jury by Judge Johnston, in the case of the Commonwealth against the members of the printers' Union. The first seven instructions were drawn by Mr. Wolfe, and granted by the Judge, with a very slight modification. The last was offered by Col. Caldwell.

The instructions are the law as applied to the case. They are true to justice and fair to both sides. And from these instructions there can be no escape for the guilty. Those who, by their infamous publications, stir up wrath, and lead to breaches of the peace, to say nothing of the injury done to private character, must expect to share the penalty of the law, as shadowed forth in these instructions.

It is probable that this suit will be the end of the printer's Union in this city, unless the association shall dispel the drunken and trifling members who disgrace it, and who will keep it in trouble so long as they belong to it, even if the better members want to do right. The association has already caused the death of one printer in this city, and it will cause another's unless the unscrupulous simpletons who have undeserved influence in its councils are turned out, or kept in their proper place.

Judge Johnston was right in having indicted the committee who published the infamous libel against some of the priuters in this office. Such things lead to breaches of peace, injure trade, hurt labor, and may even cause death. It is the duty of the officers of the law to notice all such outrages, and we are glad that our police judge has taken this matter in hand, with a determination to subject it to the rigorous penalties of the law of crime.

Commonwealth vs. Kierolf and others.

INSTRUCTIONS FOR THE COMMONWEALTH.

1. The jury are instructed that a libel on an individual is a malicious defamation of him made public by either printing, writing, signs, or pictures, in order to provoke him to wrath, or expose him to public hatred, contempt or ridicule, or hurt him in his trade or livelihood.

2. That if the jury believe from the evidence that defendants, or any of them, repeated, or wrote, or published, or advised, or assisted the printing referred to in the indictment, they should find them guilty, *unless they find that the matter published*, was proper for public information, and the publication was true.

3. That in ascertaining whether the defendants be guilty or not guilty in the libel, the jury are to disregard the evidence for the defendants as to the effects of the rules and regulations of the printers' Union on the prices of labor among journeymen printers.

4. That the jury are to disregard the evidence for defendants respecting the diminution of labor on Sunday among journeymen priuters, by the rules and regulations of the printers' Union. If the jury believe that the publication charged in the indictment was made, and was calculated to lead to a breach of the public peace, they should find the defendants guilty.

5. That to prove malice on the part of defendants, in making the publication, the Commonwealth is not required to show a desire of revenge or a settled anger towards the persons referred to in the publication. If the jury believe from the evidence that the defeudants were actuated by a wicked or mischievous intention of the miud, that is malice.

6. That the jury may infer malice from the terms of the publication.

7. That the jury may impose a fine on the defendants (if they find them guilty,) proportionate to the offense proved.

INSTRUCTION FOR THE DEFENSE.

If the jury believe from the evidence that the matter published was proper for public information, and the publication was true, they must find the defendants not guilty, and unless they find that the publication was proper matter for public information, they need not inquire whether the publication be true or false.

* This modification is the suggestion of the defense, and is embodied in the "instruction for the defense" in the paragraph above.

Facts About the City.

Mr. Deering, in his walks over our city to get information for his books, reports favorably on many subjects touching the prospects of Louisville. He notices the fact that our city is full of people—full to overflowing—and the demand for houses cannot be supplied. We hear of one of our real estate agents who has forty applications for dwelliug houses. And, although, some of them have offered him a bonus of ten dollars in addition to his usual fee, he cannot procure them houses.

Another fact is, that a large number of houses have been built this season, notwithstanding the hard times. We see them in every direction, and in every stage of progress. If this present state of things had existed, or been foreseen last spring, this season would have exceeded any ever seen in Louisville for the amount of building done. But this state of things was seen too late to admit of the unprecedented demand being supplied for the present. Another fact is the general improvement of business, besides the revival of business in all our old houses, we see many new ones in the various departments. One would think we had pork houses enough, especially when we consider their immense size, yet we see a new one of vast proportions and admirable arrangement just completed. Of foundries and machine shops, we have no mean supply, yet some new ones, as large, and better arraiged than the old, have been added to the list. One or two of our planing mills, lately erected, or improved and enlarged, are models in their line. Another, and fine specimen of woollen mill, has just been completed and put in operation. A large chemical laboratory, is another very important addition to our list of manufactories of recent date. To this last we might add many smaller establishments which contribute much to the growth and prosperity of the city; but more anon.

☞ The Lexington Observer asks if James B. Clay will be in favor of a protective tariff if the subject is introduced next winter? Of course he will not be in favor of it. On the contrary he will manage to prove that even his "father" was opposed to such a tariff.—*Frankfort Commonwealth.*

And it will not be difficult to prove that even Henry Clay *was* opposed to a protective tariff.—Any one but a green tyro, just from school, well knows that in the earlier portion of Mr. Clay's political career he was the great leader of those who opposed protection. Moreover, it will be remembered that in the latter portion of his life his views upon the "American system" were greatly modified, and he expressed himself as aloue friendly to a moderate tariff for revenue, undoubtedly affording protection. In his great speech at Frankfort, before the Legislature, November, 1850, he rather scouted free trade, or protection, banks, internal improvements, and the other old issues, as obsolete ideas.

THE SAYINGS AND DOINGS OF SAM SLICK. By Judge Hallburton, author of "Sam Slick in England," "Sam Slick in Search of a Wife," &c., &c. In one elegant 12mo volume, uniform with "Nature and Human Nature," and "Sam Slick in Search of a Wife," neatly bound in muslin. New York, Dick & Fitzgerald. Sold in Rochester by D. M. Dewey.

The "Sayings and Doings of Sam Slick" are as full of fun as a nut is full of meat. In one of the amusing sketches in this volume, Sam says, "Of all the seventeen senses, I like *common sense* almost as well as any on 'em, arter all." Sam's remark is a criticism on his book. It is this admirable web of common sense, shot through with a warp of comicalities and whimsical sayings that gives it a value above the mere amusement of it.

It is published by Dick & Fitzgerald, and for sale by Messrs. Welsh & Co. The publishers send it for one dollar to any address in the United States, free of postage.

☞ We would call attention to the large cash sale of Messrs. S. G. Henry & Co., commencing this morning, Tuesday, at 10 o'clock, at their auction rooms. They will sell a large stock of fresh and desirable staple winter dry goods, gents' and ladies' gloves and underwear; and at half-past 2 o'clock in the afternoon, an invoice of men's women's, misses' and children's boots and shoes, with a fresh invoice, just received by express, of port-monaies, pocket books, and ladies' cabas; and on to-morrow morning, (Wednesday,) they particularly call attention to an invoice of heavy ready made clothing, with a splendid line of extra and super Marseilles and linen bosom shirts, and canton flannel and woollen flannel underwear.

THEATER—THE SISTERS WESTERN.—These girls made their first appearance before a Louisville audiance last night. They are quite young, and in almost everything they do, manifest inexperience. Prospects of the Democracy in the Next Congress.

The members of Congress, who have been chosen by the recent elections, will not affect the present body, whose last session will begin next month. They have been elected for the thirty-sixth Congress, which will convene in December, 1859.

As much has been said about the political aspect of the thirty-sixth Congress, we propose to analyse it according to the position of the members of the present House of Representatives and of the next, so far as known, upon the Kansas question. The followers of Judge Douglas upon this issue have been crying out lustily that "Lecompton," as they call it, should not be made a test of Democratic allegiance, while they have everywhere, in the free States, made it a test themselves, and thereby so severed the Democratic ranks as to put the enemy into power in places where they would have been powerless but for this apostasy. Forney, of the Philadelphia Press, went so far in making it a test as to change himself into a bawling Abolitionist, and his immediate followers into Black Republicans. Douglas did not go so far as the silly and unreliable Forney, but he threw the apple of discord which did so much mischief.

The present or 35th Congress, at its opening session in December, 1857, had 234 members in the House of Representatives. Of these 129 were Democrats, 91 Black Republicans, and 14 Know Nothings. The Democrats, therefore, had a majority of 38 over the Black Republicans, and 24 over both Black Republicans and Know Nothings combined.

The Black Republicans, however, got up another division of parties. They arrayed the North against the South upon the Lecompton constitution, or the question of admitting Kansas into the Union as a slave State. When party lines were thus drawn according to geography, the Democratic majority in the House was lost. Enough Democrats from the Northern fold, and enough Know Nothings from the South went over to the Black Republicans, to make these fanatics all powerful, and to prevent Kansas from coming into the Union as a slave State.

Of the Northern Democrats, 22 went over to the Black Repnblicans, and of the Southern Know Nothings, six did the same thing. The Black Republicans, thus reinforced by Northern renegades and Southern traitors, mustered an army 119 strong, and had a majority of the House. They, therefore, had things their own way, and enjoyed the pleasure of a triumph over the National Democracy, as represented by Mr. Buchanan's administration, while they prevented a new slave State from coming into the Union.

If, therefore, we designate the Representatives from the North and the South, who last winter voted in Congress for the admission of Kansas as a slave State, as the Administration party, and the Black Republicans, Know Nothings, and Northern Democrats, who opposed the new slave State, as the opposition, the strength of the parties thus arrayed was as follows: Administration 115, Opposition 119—a majority of 4 against the Administration.

Now let us see how much worse things are likely to be in the next Congress. Eighteen States have already chosen their representatives for the next Congress, and thirteen States have yet to elect. The eighteen States which have already voted, allowing the opposition all they claim, may be classified as follows, upon the Kansas or free nigger issue; provided the California election is held to be valid:

STATES.	OPP'TION.	ADM'TION.
Arkansas		2
California	2	
Delaware		1
Florida		1
Illinois	4	5
Indiana	8	3
Iowa	2	
Maine	6	
Massachusetts	11	
Michigan	3	1
Missouri		7
New Jersey	5	
New York	28	5
Ohio	15	6
Pennsylvania	22	3
South Carolina		6
Vermont	3	
Wisconsin	3	
	112	40

It thus appears that the opposition claim and possibly have a majority of 72 from the 18 States which have already voted. In the present Congress the representatives of these eighteen States were 152 in number, and were divided upon the Kansas question, administration 45, opposition 107. The opposition majority then being 62 and now 72, they have gained 10 in these States for the 36th Congress. The Douglas movement don't look well thus far.

The thirteen States yet to vote must therefore overcome this opposition majority of 72, and make good a portion of this loss of 10, or the administration will be left in the minority in the 36th Congress, upon such a free nigger issue as the Kansas question. Let us see, then, what are the probabilities of overcoming this majority and making good a portion of this loss.

The thirteen States yet to vote are the following, classified as their representatives stood on the Kansas question last winter:

	Administration.	Opposition.
Alabama	7	
Connecticut	2	2
Georgia	8	
Kentucky	8	2
Louisiana	4	
Maryland	3	3
Mississippi	5	
New Hampshire		3
North Carolina	7	1
Rhode Island		2
Tennessee	10	
Texas	2	
Virginia	13	
	69	13

If we we suppose, therefore, that these 13 States will stand in the House of Representatives of the thirty-sixth Congress, as in the present last winter, the opposition will have 125 votes, and the administration 109—a majority of 16 against the administration. The opposition will, no doubt, lose Marshall and Underwood from Kentucky, Gilmer from North Carolina, and something from Maryland, but they will as certainly gain in Connecticut two members. The strength of the opposition from these 13 States will not be likely therefore, to differ materially from what it was in Congress last winter. We may set down the strength of the opposition at 125 in the thirty-sixth Congress, and the Administration at 109, and count every variation from these figures in favor of the administration as exceeding good luck.

So much, then, for the course pursued by Judge Douglas and his followers, upon the Kansas question. They have so severed the Democratic phalanx as to place the enemy in the ascendant in the next Congress. It is with them, therefore, to bring defeat or victory upon any administration measure in the next Congress, for we have classed enough of them with the opposition to make the administration Democracy victorious upon any issue. We shall, therefore, watch with no ordinary interest the movements of Judge Douglas and his followers when they return to their seats in Congress. Upon their action, depends the success or defeat of the national Democracy in the 36th Congress, for if they co-operate with the Black Republicans and Know Nothings as they did upon the Kansas question, the opposition army they will raise will be invincible.

The probabilities are that Judge Douglas will not be so factious in the next Congress.—He has just completed a successful campaign against the Black Republicans, whom he found to be his enemies instead of his friends. The understanding he had with them at Washington last winter, did not amount to anything. His first speech at Chicago, in July last, was an overture to them, but he saw at once that this would not do. Lincoln rose proudly before him at the head of the Black Republican armies, and Douglas, in the twinkling of an eye, saw what was to be done. He planned the campaign against Lincoln as quick as thought, and fought him as if he had never had a kind word with a being of his kind. He trimmphed over Lincoln, and it is possible that he will now attempt to make his peace with the Democracy by directing his thunderbolts against the Black Republican leaders in the next Congress. He has much evil to atone for, and we shall anxiously watch his movements should he begin a career of reparation.

A Correction and a Speculation.

In our issue of yesterday we inadvertantly called H. D. Newcomb, Esq., a Know Nothing.—We are assured that he does not belong to that order. We take pleasure, therefore, in making the correction, for nothing was more foreign to our purpose than to do that gentleman an intentional wrong, especially such an outrage as calling him a Know Nothing when he is not "one of them."

Our mistake, however, throws some light upon the vote of last Saturday. The brethren all knew that Mr. Newcomb was not a K. N., if we did not know the fact; and as his name appeared upon the rallying card, in the organ, by the side of those of John L. Helm, J. B. Wilder, and Thos. Quigley, it may have kept a goodly number of the faithful from responding to the rallying call so insidiously made.

The K. N. vote for McKee last August was 2,809. As the vote of last Saturday for the rail road ordinance was only 1,328, all told, there must have been at least 1,471 Know Nothings who staid away. It is possible, therefore, that the name of Mr. Newcomb upon the card broke the charm and kept the faithful from answering the organ's call in a solid column. What, then, might have been the result if the name of Guthrie and Alexander had been upon that card in the organ?

We don't know how many of the votes cast for the ordinance were Know Nothing, so as to determine the exact influence one opposition name might have had upon the rallying card in the organ. We suppose, though, that at least ⅔ of them were Know Nothings. If, therefore, we allow this number for each of the three opposition names, (if any one infers that ⅔ measured the entire influence of the three Know Nothings on the card for the ordinance, we can't help it,) it would only have been necessary to have added the names of Guthrie and Alexander to that of Newcomb on the rallying card, to have kept away the whole of the city's 2,809 Know Nothing votes. This would have left but one of the faithful who supported McKee, to vote for the railroad ordinance, and if he could not have been thirded and thus disposed of by the opposition names, why, then he could have voted for the ordinance and gone on his way rejoicing as a bolter.

Gubernatorial Aspirants—Hon. Thos. C. McCreary.

The Owensboro Democrat thus speaks of Hon Thos. McCreary in connection with the next canvas for Governor of the State. Mr. McCreary is a man of talents, a clever gentleman, a sterling Democrat, and worthy of a high place in the esteem and confidence of his party. We take pleasure in copying so favorable a notice of him from the pen of our cotemporary of Owensboro:

In Mr. Preston accepting the mission to Spain, we are under the necessity of looking around and inspecting the qualities of the many aspirants for the Governorship of this Commonwealth. In casting around us we see many—"noble Romans all"—all of whom would make worthy and energetic standard bearers of the Democracy in 1859. Men who have done our party lasting service, both as old line Whigs and unflinching Democrats, and now as it is generally conceded that Col. Preston has accepted the mission to Spain, and will not permit his name to go before the convention, we therefore proclaim as our choice the Hon Thos. C. McCreary, of Daviess county. Mr. McCreary is well and favorably known all over the State as a fearless and able exponent of Democratic principles. He is a true and tried Democrat, having fought with great gallantry the battles of his party, whenever they have made a call upon him. He is a high souled, brave hearted Kentuckian, and richly deserves a reward from the Democracy for his services to the party. He is eminently qualified for the position of Governor, being a sound, conservative statesman, and fully able to take charge of the affairs of the State.—He is energetic and unwavering in his adherance to the Democratic creed, and upon the stump he has no equal, and in point of talent he has but few superiors. He is kind, courteous and affable, and to know him is but to love him, and for a true standard bearer of the Democracy in 1859 there is none better qualified or more deserving, as he has often and ever sacrificed his own private and pecuniary interest that he might do his party and country a service, without ever receiving any emolument for the same. We cheerfully recommend the claims of the Hon. T. C. McCreary, of Daviess county, as truly entitled to due consideration from the State Democratic Convention, which assembles at Frankfort on the 4th of January next, and we here proclaim that T. C. McCreary is our choice before said convention, and should he be the nominee will use all honorable means to elect him as our next Governor, but should he not be the choice of the convention, we will cheerfully abide their decision.

Thanksgiving Day.

Gov. Morehead has, with great propriety, appointed Thursday, Nov. 25, as a day of thanksgiving and prayer. Since the first thanksgiving was proclaimed in this State, by Gov. Letcher, in 1844, our executives have united upon the last Thursday of November, in each year, as the fit day for the return of thanks to Almighty God.—The same day has generally been chosen in other States, so that the blessed and sacred custom has, in a great measure, become national.

We publish the proclamation of Gov. Morehead, which is sensibly brief, yet comprehensive—and trust that throughout the confines of our happy State there will be a unanimous response to the timely recommendation.

PROCLAMATION.

It is becoming and proper that a day should be set apart, when the people of our State may, with joyns hearts, unite in rendering thanks to God, who has showered so many blessings on our land and protected us as a State and nation.

While every part of our common country has been greatly blessed, no portion of it has received a greater share of Divine bounty than our own beloved Commonwealth. With a fertile soil and a salubrious climate, we have been rarely chastened by pestilence and never by famine. With a government of our own choice, we are secured in the enjoyment of life, liberty, and the pursuit of happiness. The past year has been crowned with plenty, and the husbandman is rejoicing in the fruits of his fields and the abundance of his store.

For these and other blessings we are indebted to the goodness and mercy of God, and it is meet that as a people we should bow before his throne with hearts full of thankfulness and gratitude.

Wherefore I, C. S. Morehead, do hereby set apart and appoint Thursday, the twenty-fifth day of November, 1858, to be observed as a day of public thanksgiving and prayer, and do hereby recommend and request the people of Kentucky to observe the same as such.

[L. S.] In testimony whereof, I have set my hand and caused the seal of the Commonwealth to be affixed, this fifth day of November, 1858, and in the 67th year of the Commonwealth.

C. S. MOREHEAD.

SKIRTS.—Robinson & Bro. are manufacturing Hoop Skirts on a large scale. Their grand double extension, patent adjustable bustle skirt is pronounced by all who have worn them to be superior in all respects to any ever brought before the public. They are made on an entirely new principle, from the best tempered watch spring steel, are very light and graceful, and the double adjustable bustle effectually prevents the clothes from breaking down the skirt, or throwing it forward. The hoops are so elastic and pliable that no change of position will effect the shape of the skirt. They are also manufacturing a beautiful lace or net skirt, with eleven steel spring hoops, that are very popular. n9 d1m&w4 46

BY TELEGRAPH.

FURTHER BY THE CIRCASSIAN.

NEW YORK, Nov. 8.—Affairs at Seria were look very serious. The town people were in arms.

CAPE OF GOOD HOPE.—The steamship Eastern City was destroyed by fire at sea, on the 24th of August. All on board saved, except one engineer and one passenger, by the ship Merchantman, arrived at Capetown.

From Washington.

WASHINGTON, Nov. 7.—A private letter from Galveston, of October 29th, states that the yellow fever is making fearful ravages. Six physicians have died. The writer advises absentees not to return until the 1st of December. There has been no frost, with change to warm weather fatally increased.

WASHINGTON, Nov. 8.—Gen. Walker's business here is not directly with the government; it is in part to ascertain the extent of the proposed British interference in Nicaraguan affairs. He is satisfied that it will be no hindrance to lawful emigration to Nicaragua. He denies the truth of the statement that there has been a sale of bonds and the transit route, and hence that part of the President's proclamation must have been founded on incorrect information.

He further says that the passengers leaving Mobile are expected to pay their own expenses, and act on their own responsibility. The emigration is under the auspices of the Southern Emigration Co., which has been in existence for six months, and has branches in Alabama, Mississippi, Louisiana, and Georgia. There is no clashing of interests between it and the Canal Co.

Gen. Walker will probably leave for Mobile tomorrow, though it is not certain that he will go out with the first party to Nicaragua.

Funeral.

BALTIMORE, Nov. 8.—The funeral of police officer Rigdon, murdered on Friday night, took place yesterday, and was attended by an immense concourse. The Mayor and a large body of police, with a large number of citizens, took part in the funeral. The streets were densely crowded, but no disturbance occurred. The murderers have been indicted and will be brought to trial during the present week.

Corrie and Cropps were arraigned this morning for the murder of police officer Rigdon on Friday night. The cases have been removed to the Baltimore County Court, where they will no doubt find speedy justice.

From St. Louis.

ST. LOUIS, Nov. 8.—The Utah correspondent of the Republican gives an account of outrages committed on the person of Mrs. Marker's daughter, 9 years of age, by two Utes Indians, at Spanish Fork. Gov. Cumming demanded the surrender of the offenders through Indian Agent Hunt, which was refused. A requisition was then made on Gen. Johnston for a detachment of men, when they proceeded to the scene of the outrage and effected a delivery of the culprits. Who were sent to Salt Lake City, and placed in custody of the U. S. Marshal. One Indian was unintentionally killed, which may lead to further disturbance, in view of which a posse of the military was stationed at Spanish Fork, for the protection of the inhabitants.

The district court has adjourned until the first Monday in December.

From Utah.

LEAVENWORTH, Nov. 4.—Utah mail arrived.—Heavy snow storms reported. Deer Creek roads almost impassible. Mail packed on mules from Big Blues, that stream being too high to ford. Rain storms which prevailed throughout the section for the past two week, extended eighty-five miles west of Fort Kearney. Passengers being left behind, no summary is furnished from Salt Lake City.

Yellow Fever.

CHARLESTON, Nov. 8.—Deaths from yellow fever during the past week have been 12.

River and Weather.

PITTSBURG, Nov. 6, M.—River 4 feet 2 inches by pier mark and falling slowly. Weather cloudy. Mercury 50.

CINCINNATI, Nov. 8, M.—The river has risen 18 inches in the last 48 hours; 7 feet 5 inches in the channel. Weather cloudy; light rain at intervals

ST. LOUIS, Nov. 8, M.—River fallen 4½ feet in 24 hours; the Missouri has receded 2 feet and upper Mississippi on a decline. Steady rain nearly all day yesterday and part of last night. Cloudy and cool this morning with some indications of clearing up.

PROF. DEGRATH: Please send me 12 gross small size No. 1, 12 gross medium No. 2, and 2 gross large No. 3, and draw on me for the amount as before.
JOHN D. PARK.

This celebrated remedy for Rheumatism, Gout, Neuralgia, Erysipelas, Eruptions, Sprains, Burns, Felons, &c., is manufactured only by Prof. Charles DeGrath, every where known as the original discoverer, at his old established Institution in Philadelphia.

The sale of this great remedy has been unprecedented. Last year alone over $35,000 worth was sold, and wherever it is known there it is used. Purcell, Ludd & Co., of Richmond, last year bought over $1,260 worth; Barnes & Park, of New York, $3,000 worth; Seth S. Hance, of Baltimore, over $4,000; J. B. Park, of Cincinnati, $1,000; and other large Druggists all over the United States.

Sole Agents for Kentucky and Indiana.

NUNNS & CLARK'S Improved New Scale Pianos are so well and favorably known in this market, and throughout the whole country, to be SUPERIOR in touch, tone, and durability, and they speak so well for themselves, that they need no word of commendation from any one.

HAINES BROTHERS' PIANOS
are new Pianos in this market, but they are well known in many sections of the country as an A No. 1 instrument. Competent judges who have tried them pronounce them fully equal, if not superior, to the Steinway & Son's Pianos. They are a beautiful, highly finished instrument, and we can sell them at three-fourths the price of a Chickering Piano, as we do not have to pay anything for their *name* or reputation. We still keep a full supply of the New and Improved Scale of Chickering & Son's Grand, Parlor Grand, and Square Pianos, and as we are Cash Dealers in them, we can sell them unusually low for cash. We have also several other makes of Pianos, all of which we warrant to give perfect satisfaction. We respectfully invite strangers visiting the city during the Fair, and all others in want of Pianos, to call and examine our complete stock, for we are selling exceedingly low for cash. McLEAN'S
Strengthening Cordial and Blood PURIFIER.

Before taking. After taking.

THE greatest remedy in the world. This Cordial is distilled from a berry known only to myself, and chemically combined with some of the most valuable medicinal roots, herbs and barks known to the mind of man, viz:—bloodroot, blackroot, wild cherry bark, yellowdock, dandelions, sarsaparilla, elder flowers, with others, producing the most infallible remedy for the restoration of health ever known.

IT IS NATURE'S OWN REMEDY, curing disease by natural laws. When taken, its healing influence is felt coursing through every vein of the body, purifying and accelerating the circulation of the blood. It neutralizes any bilious matter in the stomach, and strengthens the whole organization.

McLean's Strengthening Cordial will effectually cure Liver Complaints, Dyspepsia, Jaundice, Chronic or Nervous Debility, Diseases of the Kidneys, and all Debilities arising from a disordered Liver or Stomach. Heartburn, Inward Piles, Acidity or Sickness of the Stomach, Fullness of Blood to the Head, Dull Pain or Swimming in the Head, Palpitation of the Heart, Fullness or Weight in the Stomach, Sour Eructations, Choking or Suffocating feeling when lying down, Dryness or Yellowness of the Skin and Eyes, Night Sweats, Inward Fevers, Pain in the Small of the Back, chest or side, Sudden flushes of Heat, Depression of Spirits, Frightful Dreams, Languor, Despondency, or any Nervous Disease, Sores or Blotches on the Skin, and Fever and Ague, (or Chills and Fever.) It will also cure diseases of the Bladder and Womb, such as Seminal Weakness, Incontinence of Urine, Stranguary, Inflammation or Weakness of the Womb or Bladder, Whites, &c

There Is no Mistake About It.

This Cordial will never fail to cure any of the above diseases, if taken per directions on each bottle, in German, English and French.

Over Half a Million of Bottles
have been sold during the past six months, and in no instance has it failed in giving entire satisfaction. Who, then, will suffer weakness or debility when *McLean's Strengthening Cordial* will cure you.

To the Ladies.

Do you wish to be healthy and strong. Then go at once and get some of McLean's Strengthening Cordial. It will strengthen and invigorate your blood to flow through every vein, and the rich, rosy bloom of health to mount to your cheek again. Every bottle warranted to give satisfaction.

For Children.

Weasy to parents, if your children are sickly, puny, or afflicted with complaints prevalent among children, give them a small quantity of McLean's Cordial and it will make them healthy, fat and robust. Delay not a moment—try it and you will be convinced.

It Is Delicious to Take.

Every country merchant should not leave the city until he had procured a supply of McLean's Strengthening Cordial. It sells rapidly, because it always cures. A liberal discount will be made to those who buy to sell again.

CAUTION.—Beware of druggists or dealers who may try to palm upon you some Bitter or Sarsaparilla trash, which they can buy cheap, by saying it is just as good.—Avoid such men. Ask for *McLean's Strengthening Cordial*, and take nothing else. It is the only remedy that will purify the blood thoroughly, and at the same time strengthen the system.

One tablespoonful taken every morning (fasting) is a certain preventative for Cholera, Chills and Fever, Yellow Fever, or any prevalent disease.

Price only $1 per bottle, or six bottles for $5.

McLean's Volcanic Oil Liniment,

The best Liniment in the world for man or beast.

Another remarkable cure performed by McLean's Volcanic Oil Liniment. Read for yourselves:

Thomas Ford, a blacksmith, living near Cass avenue, on Tenth street, had a horrible running sore on his foot. He tried various Liniments, Salves, &c., but could do it no good. He despaired of ever being able to work at his trade again, because he could not bear any weight on his foot; and by one small bottle of McLean's Volcanic Oil Liniment, he is now perfectly cured.

Rheumatism, paralysis, neuralgia, bruises, sprains, stiffness in the joints or muscles, swellings, sore throat, earache or toothache, wounds, fresh cuts, sores, burns, scalds, pains, &c., yield to the "magic" influence of this wonderful Liniment.

For Horses and Cattle it is an infallible remedy for chafes, galls, scratches, cracked heels, lameness, spavin, sweeny, splint, fistula, bruises, swellings, wounds, rattle, snake bites, and various other diseases which animals are liable to from injuries or accidents.

Every Country Merchant should obtain a supply of McLean's Volcanic Oil Liniment. It sells rapidly, because it always cures.

A liberal discount will be made to merchants who buy to sell again.

☞ For sale by J. H. McLEAN, Proprietor, corner of Third and Pine streets, St. Louis, Mo. Also, for sale as above. aug1 d&eodlw

THE RIVER was gradually rising yesterday, with something over four feet three inches water in the canal, a rise of three inches during the previous 24 hours. This is equal to a rise of six inches at Portland, making about 5 feet on the Portland bar, and about the same channel depth at Flint Island. The weather in the morning was rainy, but in the afternoon the wind changed to the north-west, and it turned cold with a prospect of clear weather.

The river at Cincinnati since Saturday had risen about 18 inches, but was receding yesterday, and by private dispatches from Pittsburgh yesterday, we learn that the river was falling again at that point, with four feet water in the channel, clear weather, with, as we stated yesterday, no hope of a rise in that quarter.

The present rise will make but very little over four feet water in the lower Ohio, on the lower bars, and it is more than probable that it cannot make even four feet water, unless aided by water from the Mississippi. That will very materially help the lower part of the river, as the Mississippi is very high at Cairo, and the back water has extended as high as Paducah.

By our dispatches, yesterday, it appears that the Mississippi, at St. Louis, was falling with great rapidity, having receded nearly five feet, with a fall in all the western rivers.

The rise in the Mississippi had extended as far as Helena at the last advices, making a fair stage for a heavily freighted boats. On the last trip of the H. R. W. Hill from Memphis, with a cargo of cotton, she grounded at Greenville and had to be lightened by the Belfast.

The Silver Heels, on her way South, was at Cairo Friday.

The W. J. Maclay, from Cincinnati, with a cargo for New Orleans, re shipped her freight on the A. O. Tyler, at Cairo, Saturday, and turned back.

The J. H. Done is on her way from Cairo She has a couple of barges in tow for the Messrs. Gaff, of Aurora.

The Submarine No. 8 has arrived at St. Louis, with the machinery of the J. H. Oglesby, which was sunk in the Missouri. The rise in the river left no hope of the raising of the Newcomb from the bed of the lower Mississippi. There is a 12 feet hole in her deck, and her hull is not broken, although badly twisted. We learn that a portion of her upper works were burned to get at her machinery.

The Key West arrived here, yesterday, with a large amount of furniture, bedding, stores, etc., saved from the wreck of the Newcomb. It was in charge of Capt. Hamilton, the active agent of the underwriters, who has returned from his visit to the wreck.

In the channel of the river, hence to Cincinnati, there can be but little over fire feet water, as the Dacotah, bound for New Orleans, which got in last night, was aground, and hard aground, at the flats and other points. She was drawing less than five feet.

It is said that pilots are scarce at Cincinnati, and the wages rule high. Good pilots are plenty at Louisville, and we advise up-river captains to apply here.

DISCOVERY OF BODIES AND VALUABLES LOST ON THE PENNSYLVANIA.—We learn that at the head of Burdeau's chute, at Ross' woodyard the body of a man had been found upon the wreck of the Pennsylvania, which might be identified by a gold watch and chain that were found upon it. Capt. Ross had the watch in his possession. It was double cased, worth $125. A name was engraved inside of it. Several other bodies had been found at the same place; also a trunk, supposed to have belonged to the chambermaid, in which were $600 in gold. A boiler of the boat was found in front of Mr. Harrison's house, and a large earthen water jar of the capacity of sixty gallons, which had been blown far ashore, was found uninjured.

☞ "Morning Light" is the name of Capt. Dillon's new boat. She is 150 feet long, 25 feet beam, 5 feet hold, 15 feet between decks, and 35 feet from the keison to the top of the pilot house. Her power consists of 3 boilers, 34 inches in diameter and 24 feet long. She has two balance valve engines with 20 inch cylinders and 5 feet stroke.—Her wheels are 20 feet in diameter with 8 feet buckets. She will accommodate 60 passengers, and her tonage will be about 180 custom house measurement.

The hull was built by L. M. Spear, at Belle Vernon. The engines, boilers, and machinery, by H. W. Phillips & Co., and is intended to run between New Orleans and Ft Jefferson, on Boeuf river, in the cotton trade.

FOR THE EAST.—The Superior, a most excellent boat, is the regular mail packet for Cincinnati today. She is in charge of Capt. Dittman, with our courteous, popular friend, R. S. Dunning, in the clerk's office.

Passengers by the mail boat are ticketed to the Eastern cities over the reliable Eastern route, via Crestline or Cleveland, which runs three through trains, and passengers meet with no delay. This is one of the best, cheapest, and most comfortable lines of travel.

☞ Thanks to A. H. Edwards, clerk of the Bracelet, from Green river, for a manifest. She left Bowling Green Thursday evening, and met the Harrison Bridges at the first lock, trying to work her way through. The low water in the Ohio had made the water in the lower lock very low, with scarcely two feet water on the miter sill. The Bracelet had to cut away her nosing to get into the lock.

The Bracelet had a heavy cargo, including over 100 hhds of tobacco, a portion of which was discharged at Evansville. She also had a large quantity of corn and wheat.

The Bracelet reports scant four feet water on the bars, and the Judge Torrence hard aground at French Island. She met the John Raine under way at Concordia, just above Flint Island, early yesterday morning.

FOR NEW ORLEANS—THE LIGHTNING LINE.—The famous packet Woodford, Capt. Moses Irwin, takes her departure to New Orleans direct, this evening. She starts at 5 o'clock, from Portland, and will provide sumptuously for passengers.—The Woodford is one of the regular Louisville and New Orleans lightning line packets, and passengers and shippers can depend upon her punctuality.

Mr. McLaughlin, the accomplished clerk of the Woodford, will not go down on her this trip, being confined by a severe attack of rheumatism.—Mr. Henry Landman, the former clerk of the Newcomb, a most excellent and attentive clerk, takes the office of the Woodford this trip.

The fleet Pacific, of the Lightning Line, in tip-top order, wheels into line this week, and starts to New Orleans on her first trip of the season, on Saturday. She is in charge of Captain Jesse R. Bell.

SUNK AGAIN.—We see it reported that the St Louis packet, New Monongahela, ran into the Rough and Ready, as she was loading at Napoleon, and sunk her. The Rough and Ready had 200 bales of cotton on board.

We learn that Capt. David Jamison, clerk of the St. Nicholas, died at St. Louis, a victim of the yellow fever, which he contracted on his last trip to New Orleans. He had a life insurance of $5,000

FOR OWENSBORO.—The fleet packet Eolian, Captain Logan, starts to Owensboro and all way places this afternoon. She starts at four o'clock, from Portland. The clerk, Alf.
